

Community Service Awards 2018
Giving Back to Northern Colorado

“And do not forget to do good and to share with others, for with such sacrifices God is pleased” (Hebrews 13:16).

Dear Friend,

Thank you for your interest in Group Publishing's Community Service Awards.

Group Publishing, an interdenominational Christian publishing company, wants to help you reach even more people in our community, so we're offering cash awards to help you increase your impact. Our Community Service Awards program provides grant money to organizations and churches in northern Colorado that are dedicated to serving the needs of others.

Group Publishing began over 40 years ago in the home of our chairman, Thom Schultz, in Loveland. From that humble beginning, we have grown to more than 200 staff members. Our major product areas—including books, magazines, videos, Vacation Bible School Programs, Sunday school, curriculum products, Lifetree Café, workcamps, and ministry training events—reach both national and international markets.

God continues to bless our efforts, which is why Group Publishing believes in sharing part of our annual profits with you. We invite you to apply for one of our awards. Grants of \$1,000 each will be awarded to applicants in 13 categories. The number of awards in each category will be proportionate to the number of applications received in each category. We also consider each applicant for our major awards, which include a Larimer County Award (\$3,000), a Loveland Award (\$3,000), a Faith-Based Service Award (\$3,000), a Northern Colorado Award (\$3,000), and an Outstanding Award (\$25,000).

Don't forget to like us on Facebook and share your story. Please complete the awards application and submit for consideration. You can find additional information at group.com/community. Our 2018 Community Service Awards Committee will prayerfully select organizations and ministries to receive the awards.

Thank you for serving our community so faithfully. We look forward to hearing from you.

Sincerely,

Stacy Johnson
