

Applying the Architect Questions to Three Spaces

Environment (weekend service, midweek activity, small group gathering, class session, etc.):

Type of Space (circle one): **Public** **Social** **Personal**

As you develop new environments or evaluate existing ones, ask:

1. What's the purpose of this space?

2. Who will use this environment?

3. What do we want people to experience?

4. What do we want them to leave with?

5. Who monitors the quality of the environment?
